

GEOG 2060B – World Cities

Course Outline: Section 001 Winter 2024

This course is taught in-person

1. Course Information

Classes Start	Spring Reading Week	Classes End	Study day(s)	Exam Period
January 8	February 19-23	April 8	April 9 & 10	April 11-30

January 16, 2024: Last day to add a second-term half course

February 19, 2024: Family Day

March 7, 2024: Last day to drop a second term half course without academic penalty

Course Instructor	Contact Information	Office Hours
Dr. Gabor Sass	gabor.sass@uwo.ca	Wednesday 10:00 to 11:00

Teaching Assistant(s)	Contact Information	Office Hours
Akousa Asare	aasare3@uwo.ca	By appointment
Desmond Adjaison	dadjaiso@uwo.ca	By appointment

- Office hours will be held in person in Dr. Sass's office in SSC2221 every Wednesday from 10:00 to 11:00
- Students will be able to sign up for an appointment (outside of office hours) by sending the course instructor an email

2. Calendar Description

A global perspective on urbanism. In each session a selected city is used to emphasize a particular urban problem, urban spatial structure or world region.

Extra Information: 2 lecture hours, 0.5 course.
 Antirequisite(s): none
 Prerequisite(s): none
 Prerequisite checking is the student's responsibility

Senate Regulations state, "unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites."

3. Textbook

- All resources will be posted in OWL
- Required textbook:
 - Brunn S.D., D. J. Zeigler, M. Hays-Mitchell, J.K. Graybill (eds.). 2020. *Cities of the World: Regional Patterns and Urban Environments*. New York: Rowman & Littlefield [7th Edition]. (Available as e-book at Western libraries)
- Additional recommended resources:
 - David, M. 2006. *The Planet of Slums*. New York: Verso [HV4028.D38 2006]
 - Girardet, H. 2014. *Creating Regenerative Cities*. Routledge.

4. Course Objectives and Format

World Cities is an introductory course in urban geography that will take a global perspective to consider such pertinent topics as urban planning and design, urban growth and de-growth, sustainability and resilience, poverty, violence, and socio-economic inequality. After laying the theoretical foundations to urbanization and urbanism, the course will take an around-the-world journey to highlight different opportunities and challenges of distinctive world cities such as New York and Shanghai.

Students who take this course will be:

- i. given lots of active learning opportunities;
- ii. invited to experience different cultures and;
- iii. challenged to imagine themselves as active participants in the vast global network of urbanized humanity.

- Attendance is required
- Missed work should be completed within [48 hours]

All course material will be posted to OWL: <http://owl.uwo.ca>. Any changes will be indicated on the OWL site and discussed with the class.

Google Chrome or Mozilla Firefox are the preferred browsers to optimally use OWL; update your browsers frequently. Students interested in evaluating their internet speed, please click [here](#). [Using the right browser is important, especially when using different features integrated with OWL]

If students need assistance, they can seek support on the [OWL Help page](#). Alternatively, they can contact the [Western Technology Services Helpdesk](#). They can be contacted by phone at 519-661-3800 or ext. 83800.

5. Learning Outcomes

Upon successful completion of this course, students will:

- You will develop a critical understanding of key urban geographical concepts related to world cities.
- You will gain a thorough knowledge of a range of issues that affect world cities from both a case specific and global perspective.

- You will be able to compare the opportunities and constraints of different cities around the world related to the global political-economy.
- You will also be able to apply broad geographic concepts to their understanding of the dynamics of world cities, such as the human-environment impact at multiple scales.
- You will gain research and writing skills by answering a research question relating to a world city of your choice.

6. Course Content and Schedule

Week	Date	Topic	Readings	What's due?
1	Jan 10	Introduction to the course: What are World Cities?	Chapter 1 (2-36)	Handout #1
2	Jan 17	Conceptual Foundations: City function and structure; terms and definitions	Chapter 1 (36-48)	Quiz #1; Handout #2
3	Jan 24	City Futures: Sustainability and Resilience	Chapter 13 (522-549)	Quiz #2; Handout #3; Assignment #1
4	Jan 31	Cities of the Greater Middle East	Chapter 7 (272-315)	Quiz #3; Handout #4 *
5	Feb 7	Cities of Europe	Chapter 5 (188-230)	Quiz #4; Handout #5 *
6	Feb 14	Mid-Term Exam	Chapters 1, 5, 7, 13	
7	Feb 21	Reading Week	Read ahead!	
8	Feb 28	Cities of East Asia	Chapter 11 (446-489)	Quiz #5; Handout #6; Research assignment (Part 1) *
9	Mar 6	Cities of South & South-East Asia	Chapter 9 (362-404)	Quiz #6; Handout #7 *
10	Mar 13	Cities of Sub-Saharan Africa	Chapter 8 (316-362)	Quiz #7; Handout #8 *
11	Mar 20	Cities of Middle & South America	Chapter 4 (138-188)	Quiz #8; Handout #9 *
12	Mar 27	Cities of US and Canada	Chapter 2 (50-96)	Quiz #9; Handout #10 *
13	Apr 3	Cities Wrap: Review		Research assignment (Part 2)

*Assignment #2 has a variable due date (from Week 4 to Week 12), depends on which world city region group each student has been assigned to.

7. Communication

- Students should check the OWL site every 24 – 48 hours
- A weekly update will be provided on the OWL announcements
- Students should email their instructor and teaching assistant using OWL “messages”
- For any other communication, the centrally administered **e-mail account** provided to students will be considered the individual’s official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at their official university address is attended to in a timely manner. You can read about the privacy and security of the UWO email accounts [here](#).
- Emails on OWL “messages” will be monitored daily; students will receive a response in 24 – 48 hours

8. Evaluation

Below is the evaluation breakdown for the course. Any deviations will be communicated.

Assessment	Format	Weighting	Due Date
Attendance & Participation	iClicker; OWL “Assignments” – Word Document [handout]	10%	Weekly
Weekly quizzes	OWL “Tests & Quizzes”	10%	Weekly
Mini-assignments	OWL “Assignments” – Word Document	10%	Varies for each student
Research assignment – case study of a world city	OWL “Assignments” – Word Document	25%	Part 1 – Feb 28 Part 2 – Apr 3
Mid-term exam	In-person written exam	15%	February 14
Final exam	In-person written exam	30%	TBA

The evaluation methods described in the course outline are essential requirements for the course. Students are responsible for material covered in the lectures as well as the assigned chapters/sections in the text.

- All assignments are due at 11:55 pm EST unless otherwise specified
- Written assignments will be submitted to Turnitin (statement in policies below)
- Rubrics will be used to evaluate assessments and will be posted with the instructions
- After an assessment is returned, students should wait 24 hours to digest feedback before contacting their evaluator; to ensure a timely response, reach out within 7 days
- It is imperative that students read through the detailed expectation documents for the different assessment components listed above (see OWL “lessons” [Week0])

8.1. Attendance & Participation (10%):

Participation is a fundamental part of the learning environment. You will need to be present in all lectures as well as be ready to participate actively in the communal learning. There will be lots of emphasis on active learning and critical thinking. Students will get the most out of lectures by reading the material ahead of time. An individual attendance and participation grade will be awarded based on your attendance, readiness, discussion during class activities, and *iclicker* as well as other electronic forms of participation. The weekly handouts will also constitute part of your participation grade.

8.2. Quizzes (10%):

In order to help you assess your mastery of each week's course content, you will have to complete a short quiz (using OWL) of a few questions by the beginning of Wednesday's class each week. The questions will be structured to test your basic comprehension of the course content. Some of the questions from the quizzes may make it onto the mid-term and final exams. For each week, course materials will be announced well in advance, and you will have 24 hrs prior to the deadline to answer the questions. Final grade will be based on the average of 9 quizzes.

8.3. Mini assignment (10%):

Students will actively collaborate in course content creation by compiling the following for a world city region assigned by the instructor: 2 photographs with short descriptions of what they are depicting and 4 exam questions/answers based on the course textbook for that particular world city region. (10%)

8.4. Research assignment (25%):

In mid-January you will be asked to choose a world city to research for the individual research assignment. You will select either one strength or one challenge for that world city and make the case for it. For example, here is one title based on a city's strength: "Ethnic and racial diversity makes Toronto one of the world's greatest cities". Select between 5-10 sources to back your claim which you should lay out in a 5-page article that will also include your references, 2-3 figures (may include pictures, maps, tables or graphics). I will be happy to go over your assignment with you at any stage of preparation. Part 1 of the research assignment is due February 28th and will consist of an annotated bibliography for your research topic along with a statement of your research topic. Part 2 of the research assignment consists of the completion of the research paper and is due by April 3.

8.5. Exams (45%):

There will be one two-hour mid-term exam (15%) and a three-hour final examination (30%) in Geography 2060. The mid-term will be held on February 14th in class. The final examination will be scheduled by the Registrar during the April examination period. The examinations will include questions from material covered in lectures, discussions, assigned readings, and documentaries. The final examination will include material from the entire term but more weight placed on the second part of the term. The format of the examinations will be a combination of multiple choice, fill-in-the-blank, short answer and graphical questions. No electronic devices (e.g. laptop computers, cell phones, etc.) will be allowed during an examination.

Click [here](#) for a detailed and comprehensive set of policies and regulations concerning examinations and grading. The table below outlines the University-wide grade descriptors.

A+	90-100	One could scarcely expect better from a student at this level
A	80-89	Superior work which is clearly above average
B	70-79	Good work, meeting all requirements, and eminently satisfactory
C	60-69	Competent work, meeting requirements
D	50-59	Fair work, minimally acceptable
F	below 50	Fail

Information about late or missed evaluations (for exams please see point 12 below):

- Late assignments without illness self-reports will be subject to a late penalty 10 %/day
- Late assignments with illness self-reports should be submitted within 24 hours of submission of the last illness self-report
- An assignment cannot be submitted after it has been returned to the class
- A make-up mid-term exam will not be offered [The weight of a missed exam will be transferred to the final exam.]

Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: *You are responsible for your grades in this course.*

9. Accommodation Policies

Students with disabilities work with Accessible Education (formerly SSD) which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: [Academic Accommodation for Students with Disabilities](#).

The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.

Policy on Academic Consideration for Medical Illness - Undergraduate Students

Student Medical Certificate (SMC)

Religious Accommodation

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic

Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

10. Make-up Examinations

Makeups will be granted with approved documentation only. All documentation for missed exams must be provided to the Academic Counselling Office within 48 hours of the scheduled exam, otherwise the instructor will assign a grade of zero.

The format and content of make-ups may differ substantially from the scheduled test or examination.

11. Use of Electronic Devices

No electronic devices will be allowed during tests and examinations.

11.1. iClicker Application:

This course requires that you have and bring an electronic device that can connect to the internet to class. You will use this device to download the iClicker app for activities such as attendance checking and answering questions assigned during class time. To download the app visit: <https://www.iclicker.com/>

Please note: this software is *free* for all Western students.

12. How to Be Successful in this Class:

Students enrolled in this class should understand the level of autonomy and self-discipline required to be successful.

1. Invest in a planner or application to keep track of your courses. Populate all your deadlines at the start of the term and schedule time at the start of each week to get organized and manage your time.
2. Make it a daily habit to log onto OWL to ensure you have seen everything posted to help you succeed in this class.
3. Follow weekly checklists created on OWL or create your own to help you stay on track.
4. Take notes as you go through the lesson material. Keeping handwritten notes or even notes on a regular Word document will help you learn more effectively.
5. Connect with others. Try forming a study group and try meeting on a weekly basis for study and peer support.
6. Do not be afraid to ask questions. If you are struggling with a topic, check the online discussion boards or contact your instructor(s) and or teaching assistant(s).
7. Reward yourself for successes. It seems easier to motivate ourselves knowing that there is something waiting for us at the end of the task.

13. Continuity of Education Plan (in-person class pivoting to online learning)

In the event of a COVID-19 resurgence during the course that necessitates the university to direct courses move away from face-to-face interaction, all remaining course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on OWL for students to view at their convenience). The grading

scheme will **not** change. Any remaining assessments will also be conducted online as determined by the course instructor.

14. Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

15. Western's Commitment to Accessibility

The Department of Geography and Environment strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities.

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2147 for any specific question regarding an accommodation. Information regarding accommodation of exams is available on the Registrar's website.

More information about "Accessibility at Western" is available.

16. Mental Health

If you or someone you know is experiencing distress, there are several resources here at Western to assist you. Please visit Western's Health and Wellness website for more information on mental health resources.

17. Support Services

Western's Support Services
Student Development Centre

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at https://www.uwo.ca/health/student_support/survivor_support/get-help.html.

To connect with a case manager or set up an appointment, please contact support@uwo.ca.

18. Important Dates

Monday January 8: Classes resume

Tuesday January 16: Last day to add a second term half course

Monday February 19: Family Day – Department Office Closed

February 17 to February 25: Spring Reading Week (No classes; Department Office open)
Thursday March 7: Last day to drop a second term half course without academic penalty
Friday March 29: Good Friday – Department Office Closed
Monday April 8: Classes end
April 9 and 10: Study days
April 11-30: Examination Period
