2. Calendar Description

An overview of the regional geography of Canada. Topics considered include demographics, culture, the economy, resources, and environmental issues.

3 lecture hours, 0.5 course weight

Prerequisite: None

3. Textbook

Bone, R. M. (2021): The Regional Geography of Canada (8th Edition), Oxford University Press: Toronto, ON.

For information about textbook cost, please click [here](#). Students need to purchase this edition. Older editions will not be sufficient.

4. Learning Objectives

The objectives of this course are to provide students with:

- expanded knowledge of the physical, cultural, economic, and political geography of Canada
- increased understanding of the differences among the regions of Canada
- improved map reading abilities and geographic awareness

5. Course Format

Attendance at class sessions is expected as quizzes, activities, and discussion questions will be completed during class time in the classroom. Selected course material will posted to [OWL Brightspace](#).

[Google Chrome](#) or [Mozilla Firefox](#) are the preferred browsers to optimally use OWL Brightspace; update your browsers frequently. Students interested in evaluating their internet speed, please click [here](#). Using the proper browser is important, especially when using different features integrated with OWL Brightspace.

If students need assistance, support can be found on the [OWL Brightspace Help page](#). Alternatively, students can contact the [Western Technology Services Helpdesk](#). They are also available by phone at 519-661-3800 or ext. 83800.

Closed captioning is provided on all video clips.

7. Communication

Students should check the course website regularly to keep up with announcements. E-mails must be sent from a UWO account and should contain the course code in the subject. E-mails will receive a response within 24 hours on weekdays.

8. Evaluation

Students are responsible for material covered in lectures as well as the assigned readings. Activities, discussion questions, and question sets are completed during class time. Each activity is worth 1% of the course grade, each discussion question is worth 0.5% of the course grade, and each question set is worth 0.5% of the course grade. Detailed information about the assignment will be provided early in the semester. Quizzes are map-based. The midterm test will cover material studied from Jan 7 through Feb 4. The final exam is cumulative but weighted toward material studied in the second half of the semester. The test and exam will consist of multiple choice, true or false, fill in the blank, short answer, or map-based questions.

<i>Assessment</i>	<i>Date</i>	<i>Value</i>
Activities	Weekly	10%
Discussion Questions	Weekly	5%
Question Sets	Weekly	5%
Quiz #1	Jan 21	3%
Quiz #2	Jan 28	3%
Midterm Test	Feb 11	22%
Quiz #3	Mar 4	3%
Assignment	Mar 18	12%
Quiz #4	Mar 25	3%
Final Exam	TBA	34%

Requirements

The evaluation methods above are essential requirements. To pass the course, students must complete at least 5 activities as well as the assignment. Students who have not met these requirements will not be permitted to write the final exam.

Course Grades

Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. You are responsible for your grades in the course.

9. Accommodation Policies

Accessible Education

Students with disabilities work with Accessible Education which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: [Academic Accommodation for Students with Disabilities](#).

Absence from Course Commitments

Students must familiarize themselves with the [Policy on Academic Consideration – Undergraduate Students in First Entry Programs](#)

Students missing course work for medical, compassionate or extenuating circumstances can request academic consideration by completing a request through the central academic consideration portal. Students are permitted one academic consideration request per course per term without supporting documentation. Note that supporting documentation is always required for the final exam.

Missed lecture notes are not sent out by e-mail. It is the student's responsibility to obtain any missed lecture notes from a classmate.

General Information about Missed Work

University policy requires that all requests for academic considerations must be accompanied by a self-attestation within 48 hours. Any academic considerations granted in this course will be determined by the instructor, in consultation with the academic advisors in your Faculty of Registration, in accordance with information presented in this course outline. Supporting documentation for academic considerations for absences due to illness should use the [Student Medical Certificate](#) or, where that is not possible, equivalent documentation by a health care practitioner.

Course Assessment that Requires Supporting Documentation (Midterm Test)

The midterm test has been designated as an assessment that requires formal documentation because it is considered central to the learning objectives for this course. Students seeking academic consideration for the midterm test will be required to provide formal supporting documentation to their Faculty of Registration. If academic consideration for the midterm test is granted, then a make-up midterm test will be scheduled. If a student is unable to attend the make-up midterm test at the scheduled time for a valid reason, then its weight will be transferred to the final exam.

Course Assessment with a Flexible Deadline (Assignment)

The assignment has a flexible deadline. Students are expected to submit the assignment by the deadline listed on the course outline. Should illness or extenuating circumstances arise, students are permitted to submit the assignment up to 48 hours past the deadline without academic penalty. Should an assignment be submitted beyond 48 hours past the deadline, a late penalty of 10% per day will be subtracted from the assessed grade. Since a flexible deadline is used for the assignment, requests for academic consideration for the assignment will not be granted. If you have a long-term academic consideration or an accommodation for disability that allows greater flexibility than provided here, you must notify the instructor at least one week prior to the deadline listed on the course outline.

Accommodation for Religious Holidays

Students should review the policy for [Accommodation for Religious Holidays](#). Where a student will be unable to write an exam due to a conflicting religious holiday, they should inform the instructor as soon as possible but not later than two weeks prior to writing the final exam. In the case of conflict with a midterm test, students should inform the instructor as soon as possible but not later than one week prior.

10. Make-up Final Examinations

A special final exam is any exam other than the regular exam, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered in consultation with the Instructor and Department Chair. Permission to write a special final exam may be given based on compassionate or medical grounds with appropriate supporting documents. The format and content of make-up exams may differ substantially from the original exam.

11. Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a [scholastic offence](#).

The use of artificial intelligence tools such as ChatGPT or artificial intelligence writing assistants is not permitted in the discussion questions or the assignment. Representing an idea, an expression of an idea, or a writing style or structure that was generated by artificial intelligence will be considered an offence.

For activities that are completed in pairs, each student must write their own identifying information (name, student number, and signature). Writing someone else's identifying information is an offence; any student who has been found to have done this will receive a grade of zero on the assessment.

12. Use of Electronic Devices

No electronic devices will be permitted during the quizzes, test, or exam.

13. Commitment to Accessibility

The Department of Geography and Environment strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities. Please contact the instructor if you require material in an alternate format or if you require any other arrangements to make the course more accessible to you. You may also wish to contact Student Accessibility Services (SAS) at 519-661-2147 for any specific question regarding an accommodation. Information regarding [accommodated exams](#) is available. More information about [accessibility](#) is available as well.

14. Mental Health

If you or someone you know is experiencing distress, there are several resources at Western to assist you. Please visit the University's [Health and Wellness](#) site for more information on mental health resources.

15. Gender-Based and Sexual Violence

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who is going through or has gone through these traumatic events. If you are experiencing or have experienced gender-based or sexual violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts [here](#). To connect with a case manager or set up an appointment, please contact support@uwo.ca.
